DESIGN BY PETER WIRZ

LAUFEN

KLASSIKER – NEU GEDACHT

// Wie entwickelt man vorbildliches Design weiter? Indem man es neu erfindet.
Genau das ist LAUFEN mit PRO X gelungen.

Seit über 20 Jahren steht die Serie LAUFEN PRO für Funktionalität und Ästhetik. Nun hat Designer Peter Wirz die ikonischen Formen ins Jahr 2025 übertragen und behutsam an die Bedürfnisse unserer Zeit angepasst:

PRO X ist klarer, filigraner und vielseitiger denn je.

Dank innovativer Fertigungstechnologie erreicht LAUFEN nun selbst mit klassischer Keramik Wandstärken und Radien, die bisher undenkbar waren.

So präsentiert sich der Designklassiker PRO in seiner neuen Generation noch eleganter – und bleibt zugleich der Idee eines zeitlosen

Designs treu, das für alle zugänglich ist.

CLASSICS – REIMAGINED

// How do you further develop outstanding design? By reinventing it!
That is exactly what LAUFEN has achieved with PRO X.

For over 20 years, the LAUFEN PRO series has stood for functionality and aesthetics. Now, designer Peter Wirz has translated the iconic forms into the year 2025 and carefully adapted them to the needs of our time: PRO X is clearer, more minimalistic, and more versatile than ever.

Thanks to innovative manufacturing technology, LAUFEN can now achieve wall thicknesses and radii with traditional ceramic that were previously unimaginable.

As Pro X, the design classic presents itself as even more elegant – while remaining true to the idea of timeless design that is accessible to everyone.

cutting-edge technologies to create perfect
design for everyone.

SECHS GRÜNDE FÜR PRO X

//Seit über 20 Jahren zählen die PRO-Serien von LAUFEN zu den erfolgreichsten Badkollektionen am Markt – kein Zufall, sondern das Ergebnis klarer Werte. Sechs gute Gründe, die PRO X auszeichnen:

UNIVERSELL

Ganz gleich, welche Anforderungen Ihre Badplanung stellt – PRO X bietet die passende Lösung. Unterschiedliche Breiten und Tiefen, durchdachte Abstellflächen, variierende Randhöhen sowie wandhängende oder bodenstehende WCs und Bidets machen die Serie zu einem vielseitigen System. Ergänzt wird sie durch die umfangreiche PRO X Armaturenlinie, erhältlich in klassischem Chrom oder modernem Mattschwarz.

ZEITLOS

PRO X folgt keinem Trend – und bleibt deshalb dauerhaft aktuell. Alle PRO-Serien lassen sich untereinander kombinieren und mit anderen Stilelementen mühelos erweitern. So entsteht ein Design, das heute überzeugt und auch morgen Bestand hat.

INNOVATIV

Dank hochmoderner Fertigung erreicht LAUFEN mit klassischer Badkeramik engste Radien und minimale Wandstärken – ein einzigartiges Qualitätsmerkmal in diesem Marktsegment. Innovativ sind auch die spülrandlosen WCs mit Silent Flush 2.0 für eine kraftvolle, leise Spülung. Optional sorgen die Oberflächen LCC und LCC Active für maximale Hygiene und Pflegeleichtigkeit.

FLEXIBEL

Schweizer Technologie, herausragende Qualität und ein faires Preis-Leistungs-Verhältnis: PRO X steht für demokratisches Design, das allen zugänglich ist – ob im privaten Bad, in Bürogebäuden oder im Hotel.

EFFIZIENT

PRO X überzeugt durch schnelle Verfügbarkeit und montagefreundliche Planung. Das innovative Befestigungssystem Easy Fit 3.0 erleichtert die Installation der Wand-WCs erheblich und reduziert Einbauzeiten – für maximale Sicherheit und Wirtschaftlichkeit.

KOMBINIERBAR

PRO X harmonisiert perfekt mit den LAUFEN Badmöbelserien Base 2.0 und Juna. Während Base 2.0 mit klarem, modernem Design überzeugt, setzt Juna mit geriffelten Fronten individuelle Akzente. Beide Kollektionen bieten intelligenten Stauraum und ergänzen PRO X zu einem durchgängigen, ästhetischen Gesamtkonzept.

SIX REASONS TO CHOOSE PRO X

//For over 20 years, LAUFEN's PRO series has been among the most successful bathroom collections on the market – no coincidence, but the result of clear values. Six good reasons that set PRO X apart:

UNIVERSAL

No matter what your bathroom design requirements are – PRO X offers the perfect solution. Different widths and depths, well-designed storage areas, varying rim heights, and wall-hung or floor-standing toilets and bidets make the series a versatile system. It is complemented by the extensive PRO X faucet line, available in classic chrome or modern matt black.

TIMELESS

PRO X doesn't follow trends – and therefore remains timelessly relevant. All PRO series can be combined with each other and easily expanded with other design elements. This creates a design that impresses today and will stand the test of time.

INNOVATIVE

Thanks to state-of-the-art manufacturing, LAUFEN achieves the tightest radii and minimal wall thicknesses with traditional bathroom ceramics – a unique quality feature in this market segment. The rimless toilets with Silent Flush 2.0, delivering a powerful, quiet flush, are also innovative. The optional LCC and LCC Active surfaces ensure maximum hygiene and ease of cleaning.

FLEXIBLE

Swiss technology, outstanding quality, and a fair price-performance ratio: PRO X stands for democratic design that is accessible to everyone – whether in private bathrooms, office buildings, or hotels.

EFFICIENT

PRO X impresses with its rapid availability and user-friendly design. The innovative Easy Fit 3.0 mounting system significantly simplifies the installation of wall-hung toilets and reduces installation time – for maximum safety and cost-effectiveness.

COMBINABLE

PRO X harmonizes perfectly with the LAUFEN Base 2.0 and Juna bathroom furniture series. While Base 2.0 impresses with its clean, modern design, Juna adds individual touches with its grooved fronts. Both collections offer intelligent storage solutions and complement PRO X to create a cohesive, aesthetically pleasing overall concept.

// Klare Linien und sanft gerundete Ecken prägen seit jeher den Charakter der PRO-Serie. Mit PRO X erreicht dieses Design eine neue Präzision: Dank modernster Keramiktechnologie wirkt die Formensprache noch feiner und ausdrucksstärker als in den Generationen zuvor.

// Clean lines and gently rounded corners have always defined the character of the PRO series. With PRO X, this design achieves a new level of precision: thanks to state-of-the-art ceramic technology, the design language appears even more refined and expressive than in previous generations..

// Die neue Möbelkollektion Base 2.0 ergänzt PRO X perfekt. Funktionaler Stauraum mit klarer Form, hochwertigen Materialien und harmonischen Proportionen – für ein durchgängiges, stimmiges Gesamtbild im Bad.

// The new Base 2.0 furniture collection perfectly complements PRO X. Functional storage space with clean lines, high-quality materials and harmonious proportions – for a consistent, cohesive overall look in the bathroom.

INTERVIEW: PETER WIRZ

// Der PRO X-Designer über Nachhaltigkeit, Fairness und veränderte Lebensgewohnheiten.

// The Pro X designer on sustainability, fairness and changing lifestyles.

WAS BEDEUTET IHNEN DIE LAUFEN PRO-KOLLEKTION?

Für mich ist PRO mehr als ein Produkt – es ist eine 20-jährige Designreise. Von Anfang an ging es darum, gutes Design für alle zugänglich zu machen. Dass PRO, PRO A und PRO S über zwei Jahrzehnte relevant geblieben sind, erfüllt mich mit grosser Demut. Es ist selten, eine Kollektion so lange begleiten zu dürfen.

WAS WAR DER ENTSCHEIDENDE GEDANKE HINTER PRO X?

PRO X ist keine einfache Neuauflage, sondern eine evolutionäre Weiterentwicklung der PRO-DNA: schlankere Profile, präzise Linien, mehr Ruhe in der Geometrie. Wir wollten kein „neues Produkt“, sondern ein zeitloses architektonisches Werkzeug, das sich in unterschiedlichste Lebenswelten integrieren lässt.

WELCHE TRENDS HABEN PRO X BEEINFLUSST?

Räume werden kleiner, Lebensformen vielfältiger, Nachhaltigkeit selbstverständlich. Das Bad ist heute Rückzugsort und Ritualraum. PRO X ist klar in seiner Design-Architektur, aber flexibel in der Wirkung. Die Kollektion soll den Alltag erleichtern und über Jahre hinweg relevant bleiben.

WAS MACHT PRO X FÜR ARCHITEKTEN & PLANER INTERESSANT?

Weil PRO X wie ein Werkzeugkasten funktioniert: abgestufte Breiten und Tiefen, passende Armaturen, Möbelmodule und barrierefreie Lösungen. Präzise, skalierbar, wirtschaftlich – ein System, auf das sich Planer langfristig verlassen können.

WHAT DOES THE LAUFEN PRO COLLECTION MEAN TO YOU?

For me, PRO is more than a product – it is a 20-year design journey. From the beginning, the goal was to make good design accessible to everyone. The fact that PRO, PRO A and PRO S have remained relevant for two decades fills me with great humility. It is rare to accompany a collection for such a long time.

WHAT WAS THE KEY IDEA BEHIND PRO X?

PRO X is not a simple relaunch, but an evolutionary development of the original PRO DNA: slimmer profiles, precise lines, more calm in the geometry. We didn't want a "new product", but a timeless architectural tool that integrates into very different living environments.

WHICH TRENDS HAVE INFLUENCED PRO X?

Spaces are getting smaller, lifestyles more diverse, sustainability is a given. Today, the bathroom is a place of retreat and ritual. PRO X is clear in its architectural form, yet flexible in its expression. The collection is designed to make everyday life easier and remain relevant for many years.

WHY IS PRO X PARTICULARLY INTERESTING FOR ARCHITECTS & PLANNERS?

Because PRO X works like a toolkit: graded widths and depths, matching fittings, modular furniture and barrier-free solutions. Precise, scalable, economical – a system planners can rely on in the long term.

ARMATUREN

// Die PRO X Armaturen vereinen elegantes Design mit moderner Technologie. Ihre harmonische Formensprache ist perfekt auf die PRO X Badkeramik abgestimmt.

Der gerundete Mischerhebel liegt angenehm in der Hand und steuert Wassermenge und Temperatur präzise. Zur Auswahl stehen Oberflächen in klassischem Chrom oder modernem Mattschwarz. Dank neuester Technik sparen die Armaturen bei jeder Nutzung wertvolles Trinkwasser – ohne Kompromisse bei Komfort oder Leistung.

FAUCETS

// The PRO X faucets combine elegant design with modern technology. Their harmonious design language is perfectly matched to the PRO X bathroom ceramics.

The rounded mixer lever fits comfortably in the hand and precisely controls water volume and temperature. Surfaces are available in classic chrome or modern matt black. Thanks to the latest technology, the faucets save valuable drinking water with every use – without compromising on comfort or performance.

BASE 2.0

// Die Base 2.0 Unterbaumöbel sind die stilvolle Neuinterpretation des bewährten Begleiters der PRO Waschtische – und ergänzen PRO X ideal. Mit ihren elegant abgerundeten Kanten greifen die Badmöbel die Formensprache von PRO X auf und übersetzen sie in ein funktionales Unterschrank-System. Die integrierte Griffleiste steht für denselben selbstverständlichen Purismus, der auch PRO X prägt. Erhältlich in über 40 Farbtönen, fügt sich Base 2.0 harmonisch in jede Umgebung ein. Das Innenleben basiert auf der langjährigen Erfahrung von LAUFEN und überzeugt durch eine durchdachte Aufteilung und praktische Details.

// The Base 2.0 vanity units are a contemporary reinterpretation of the proven companion to the PRO washbasins – and perfectly complement PRO X. With their elegantly rounded edges, the bathroom furniture adopts the design language of PRO X and translates it into a functional vanity system. The integrated handle strip embodies the same understated minimalism that characterises PRO X. Available in over 40 colours, Base 2.0 blends harmoniously into any environment. The interior details are based on LAUFEN's many years of experience and impresses with its well thought-out layout and practical elements.

JUNA

// Die Möbelkollektion Juna verbindet anspruchsvolles Design mit handwerklicher Präzision. Ihre charakteristischen, fein strukturierten Fronten verleihen ihr eine unverwechselbare Ästhetik – sinnlich im Ausdruck und angenehm in der Haptik. Klassische und moderne Elemente fügen sich zu einer harmonischen Einheit. Das Ergebnis ist ein hochwertiges, langlebiges Möbel, das mit durchdachter Funktionalität und makelloser Verarbeitung zeitlose Eleganz ins Bad bringt.

// The Juna furniture collection combines sophisticated design with meticulous craftsmanship. Its distinctive, finely textured fronts lend it a unique aesthetic – stylish in expression and pleasing to the touch. Classic and modern elements blend harmoniously.
